

Grant Guidelines

Our organization will review requests in the fourth quarter of the fiscal year, which runs July 1 through June 30. If your organization meets the basic requirements, someone from the grant-making committee will contact you for an interview.

Please provide copies of any marketing materials and/or background information with your application so that members of the Evergreen Legacy Foundation can review these before an interview. This will help members be able to review your project in advance.

Please submit your application by email to: EvergreenLegacyFoundation@gmail.com
